CV

Personal Details:

Name: Martin Daoud

Date of Birth: 2004-11-16

Address: Gabrielsvägen 4, 152 50 Södertälje

Phone: 0707725290

Email: martin.daoud04@outlook.com

Profile:

Ambitious and versatile final year computer engineering student with a strong work ethic and a genuine interest in technology, problem solving, and development. As a student at KTH, I have developed a structured and analytical mindset that helps me solve problems, whether technical or not. With experience in entrepreneurship, customer service, and leadership, I have built strong communication and collaboration skills. I adapt easily to new work tasks and look forward to contributing my positive attitude, initiative, and willingness to learn in various roles.

Education:

2023 – present
Bachelor of Science in Computer Engineering
KTH Royal Institute of Technology, Flemingsberg

Certifications:

- Cisco CCNAv7: Introduction to Networks
- Cisco CCNAv7: Switching, Routing, and Wireless Essentials
- Cisco CCNAv7: CCNA: Enterprise Networking, Security, and Automation

2020 – 2023
Upper Secondary School Diploma: Technology Programme
Täljegymnasiet, Södertälje

Award:

- Diploma for best development/journey during upper secondary school

<u>Work Experience:</u>

- **2025-06-04 - 2025-08-22**

Automation Technician, Bravida

- Interpreted circuit and wiring diagrams to understand system logic and assemble control cabinets for industrial automation.
- Gained hands-on experience with the physical hardware layer of automated systems, installing and wiring control components and sensors.
- Applied a structured approach to component labeling and cable management, crucial for system testing, debugging, and future maintenance.
- Ensured the correct implementation of technical designs through high-precision work and quality control.

- **2025-03-01 - 2025-06-03**

Software Developer, Axians

- Participated in the development and modernization of server inventory systems using C# and REST APIs.
- Collected system data from remote servers and stored it in a centralized SQL database for analysis
- Translated and refactored code to improve performance and readability. Identified and implemented new solutions to optimize system functions.

- **2022-09-01 - 2023-06-01**

Founder & CEO, Young Enterprise (UF) Company

- Responsible for finances, marketing, sales, and customer relations.
- Participated in several fairs and events to present the company.
- Developed skills in entrepreneurship and business development.

- **2021-07-13 - 2022-08-17**

Crew Trainer (Kitchen and Restaurant Staff), McDonald's

- Led and trained new employees.
- Developed strong skills in customer service and teamwork.
- Helped solve problems and maintain smooth operations during stressful periods.
- Developed strong collaboration and communication skills.

➢ **2020-07-27 – 2020-08-14**

Exhibition Host, Tom Tits Experiment

- Met visitors and answered questions, which developed my communication and customer service skills.
- Performed simple maintenance on experiments, improving my technical skills and accuracy.
- Responsible for quality assurance of experiments to ensure an optimal visitor experience.

Language Skills:

- **Swedish** – Fluent
- **English** – Very good proficiency
- **Arabic** – Fluent
- **Spanish** – Basic knowledge

Technical Skills:

- **Programming**: Python, Java, C, C#
- **Databases** : SQL, MongoDB
- **Cad Software**: Experience with CAD-design
- **Office Suite**: Expertise in Microsoft Word, Excel, PowerPoint
- **Networking**: Basic knowledge of Cisco
- **Tools & Frameworks:** Git, SDL, Agila metoder

Other

Holds B driver's license (manual)
